ITIL® V3 Intermediate Qualification: Managing Across the Lifecycle (MALC)

Course Description

Pultorak & Associates' ITIL Version 3 (V3) Intermediate Qualification: Managing Across the Lifecycle (MALC) course is a five-day (30-contact hour) course leading to the ITIL Intermediate Qualification: MALC Certificate. The ITIL Intermediate Qualification: Managing Across the Lifecycle Certificate is a freestanding qualification, but is also the final module of the Service Lifecycle and / or Service Capability modules that leads to the ITIL Expert in IT Service Management.

The purpose of this course and the associated exam and certificate is, respectively, to impart, test, and validate the knowledge across the contents of the ITIL V3 publications; focusing on business, management and supervisory objectives, purpose, processes, functions and activities, and on the interfaces and interactions between the processes addressed in the five core ITIL V3 publications.

Class size is limited to maximum of 12 students to one trainer for an accredited delivery, with no minimum class size required for an accredited delivery of this course.

Certification Examination Type and Duration

Upon completion of the course, participants may sit the optional ITIL V3 Intermediate Qualification examination leading to the ITIL Intermediate Qualification: MALC Certificate. Ninety (90) minutes (120 minutes and the use of a dictionary for those taking the examination in a language other than their first language) is allowed for the closed-book, supervised examination which may be online or paper-based. The examination is a complex multiple choice format and consists of eight (8) scenario-based, gradient scored questions. Each question will have four possible answer options, one of which is worth 5 marks, one which is worth 3 marks, one which is worth 1 mark, and one which is a distracter and achieves no marks. Proof of attendance at an accredited training course will be required prior to taking the exam.

Course Materials

All participants receive a participant kit which includes a copy of the course presentation with extensive notes, job aids, handouts, the official syllabus and sample exams, as well as the ITIL Glossary.

Pultorak & Associates can deliver this class for you, or you may opt to purchase our course material to deliver yourself.

Please note that the purchase of courseware only does not automatically grant the user access to certification exams. The Certification Organizations require the purchaser to be either an Accredited Training Organization or an Accredited Training Associate of Pultorak & Associates.

Participant Prerequisites

Participants wishing to be examined for this qualification must already hold the ITIL Foundation Certificate in IT Service Management (2 credits from the V3 Foundation or V2 Foundation plus Bridge Certificate) and have obtained further 15 credits (a total of at least 17 credits) as minimum from a balanced selection of ITIL Service Lifecycle or Service Capability qualifications. Documentary evidence of these must be presented to gain admission to this certification level. It is also recommended that students should complete at least 28 hours of personal study by reviewing the syllabus and the core Lifecycle publications in preparation for the examination.

Learning Outcomes

Following completion of this training, the participant will know:

- The Importance of IT Service Management Business and Managerial Issues
- How to Go about Managing the Planning and Implementation of IT Service Management
- Management of Strategic Change
- Risk Management
- How to Deal with Organizational Challenges
- Service Assessment
- Complementary Industry Guidance
